PROFESSIONAL SUMMARY

Seeking a full-time position that provides professional challenges. Utilize strong interpersonal skills, excellent time management abilities, and problem-solving expertise. Dedicated to continuously enhancing skills and contributing to organization's success.

PROJECTS

Travelz Blog Website

July 2024 – Current

Tools: MongoDB, Express.js, React, Node.js (MERN)

A dynamic travel blog website allowing users to explore destinations, and manage their travel experiences seamlessly.

Responsibilities:

- Developed the front-end using React, creating a responsive and intuitive user interface.
- Implemented user authentication and authorization, ensuring secure access to the application.
- Managed data storage and retrieval using MongoDB, ensuring efficient and scalable data handling.
- Utilized Express.js and Node.js for the backend, enabling smooth server-client interactions.
- Implemented CRUD operations for blog posts, allowing users to create, read, update, and delete their content.

Expense Tracker Application

March 2024 - April 2024

Tools: React.js

A functional and user-friendly expense tracker application allowing users to monitor their income and expenses.

Responsibilities:

- Created the front-end using React.js, ensuring a responsive and intuitive user interface.
- Implemented features for users to add, view, and manage their income and expenses.
- Demonstrated proficiency in state management within React.js to maintain and update the application state effectively.
- Developed a finance management tool to help users keep track of their financial activities efficiently.
